

Hunter Fan

Hunter Fan is the leading provider of branded ceiling fans in the U.S.

In addition to Hunter Fan's company-wide initiatives, certain Hunter Fan employees have started personal endeavors to support those affected by COVID-19

Below are some of the ways that Hunter Fan employees have been showing their support:

- 3D-printing 30 shields per day and delivering them to local Memphis medical facilities
- Partnering with local seamstresses to produce cotton face masks
- Sourcing substantial quantities of face masks and delivering them to local hospitals such as City Hospital – Regional One Health

Nutrabolt

Nutrabolt is a nutritional life science company with industry leading brands such as Cellucor®, C4®, and XTEND®.

The company launched initiatives to support communities that have been impacted by COVID-19

#GetMasksGiveHope: National campaign to secure 200,000 N-95 face masks for medical professionals in Texas

Spot Your Trainer: Program dedicated to help fitness professionals impacted by the complete shut-down of all gyms and training facilities across the nation

Awaken Your Super: Donated 75,000 cans of C4® and XTEND® to help staff members remain fueled and hydrated at medical distribution centers and 40+ hospitals in major cities.

Planet Group

The Planet Group provides high-value outsourced global workforce solutions and consulting services to Fortune 500 and other large companies.

The Planet Group has been working to source nurses to support the testing and screening of employees at essential work places

MID OCEAN Partners

We are pleased to support our companies through the MidOcean **Employee Support Fund**, to provide relief to portfolio company employees facing adversity from the COVID-19 pandemic, as well as offering one free month of **LegalShield** services to all employees at our companies.

BH Cosmetics

BH Cosmetics is an LA-based e-commerce retailer and wholesaler that offers high-quality makeup at affordable prices.

Created 1,000 care packages for healthcare workers on the COVID-19 front lines at various NYC & LA-based hospitals

BH Cosmetic Bags: Inside each goodie bag was the following:

- 100ml hand sanitizer
- Natierra superfood snack
- BH Liquid Lipstick

IMAGE Skincare

IMAGE Skincare is a clinical skincare brand powered by proven ingredients and smart botanicals.

To rally support for the local skincare professionals that operate in local communities, IMAGE Skincare recently launched a series of new initiatives outlined below

Drop Ship Program: Allows personal skincare professionals to order skincare products and ship directly to customers

- Professionals benefit from the same margin received from in-store purchases

Professional Directory: Virtual directory of IMAGE Professionals available for virtual consultations, at home facial kits, & customized product recommendations delivered directly to consumers

EtsyTalks: Connects customers and skincare professionals on subjects ranging from treatments, ingredients and professional grade skincare

Florida Food Products

Florida Food Products specializes in the creation and manufacturing of fruit and vegetable juice concentrates & derivatives that are used across the food, beverage, meat, sports and pet nutrition industries.

Florida Food Products has been producing visors with their 3D printers to help essential workers in need

Sourcing of Masks: Florida Food Products have sourced over >10,000 masks from their suppliers.
